TIPS FOLLOWING THE PANEL DISCUSSION

- Don't just bolt out of the room. Stop to chat informally with panel representatives.
- Make a favorable impression. The panel representative you talk to just might remember you later. (In fact, he/she could be the same person who interviews you later).
- Network. Tell the panel representatives what your career goals are. Even if you are not interested in their organization, they may know someone in the area you'd like to pursue. Ask if you may have a copy of their business card and add it to your collection of networking contacts. (If you don't have a collection - start one!!)
- Ask if they (or anyone else from their organization) plan to attend any upcoming Job Fairs. If they say yes, let them know whether or not you plan to stop by their table at the fair and drop off your resume.
- Thank them again for taking the time to come to USC to talk to students!
